METAL DESIGN

Apparently contrasting styles blend together in perfect harmony, freeing metal from its image as a strictly industrial material and making it the key to a new concept of evocative interior.

Stili apparentemente contrastanti che si fondono in perfetta armonia, liberando il metallo dall'immagine di materiale solo industrial, per permettergli invece di essere protagonista nella concezione di uno nuovo modello di interni suggestivi.

Des styles apparemment en contraste qui se mêlent dans une harmonie parfaite, en libérant le métal de son image de matériau industriel uniquement, pour lui permettre en revanche d'être protagoniste dans la conception d'un nouveau modèle d'intérieurs évocateurs.

Scheinbar kontrastierende Stile, die in perfekter Harmonie miteinander verschmelzen und das Metall vom Klischee eines reinen Industriematerials loslösen, sodass es die Chance hat, bei der Konzeption eines neuen Modells von anregenden Innenbereichen den Ton anzugeben.

Estilos aparentemente contrastantes que se funden en perfecta armonía, liberando al metal de esa imagen de material exclusivamente industrial y permitiéndole, en cambio, ser protagonista en la concepción de un nuevo modelo de interiores suggestivos.

Очевидно контрастирующие стили гармонично сливаются воедино, освобождая металл от его исключительно индустриального образа, чтобы позволить ему стать главным элементом в концепции новой модели эффектных интерьеров.
